Press Release

August 9, 2020

Millions of people around the world gathered to foster their love and fellowship towards Jesus Christ in the Welcoming event. This was made evident through the 2020 Holy Supper welcoming event which was digitally transmitted from the temple located in Phoenix, Arizona. This Sunday, August 9th, the city of Phoenix, Arizona acted as the headquarters for this world wide and virtually transmitted event. This is the first time this event is celebrated virtually and outside of the official headquarters located in Guadalajara, Jalisco Mexico. Although it was expected to be an event where contemporary distancing may be a barrier to the celebration of the festivity, more than 900 thousand links portrayed the participation of members in their homes giving testimony of their love to Jesus Christ.

The event was transmitted in social media with the following links:

The welcoming event surpassed the expectations in the number of internet connections and the number of homes that participated in the event. More than fifty (50) virtual greetings were received from the continents of African to Oceania and New Zealand; thus, attesting to the global presence, social inclusion, and pluralism of the Church The Light of The World.

In solidarity with the governmental bodies and health organizations, this event counted with the full attention of more than sixty health professionals that implemented various health filters and ensured the wellbeing of those present. Face masks, antibacterial gel, social distancing, among other health measures were enacted to safeguard the health of those physically present.

The religious ceremony ended with a message from the Apostle of Jesus Christ Naasón Joaquín García, international president of La Luz del Mundo Church, who welcomed the participants from the five continents.

During the event, Silem García Peña, the church's spokesperson highlighted the respect for life, institutions and authorities which is practiced by the faithfuls of La Luz del Mundo Church, he encouraged the faithful to pray for them and for the health professionals, who carry out a brave and admirable work in the context of our current health emergency.

Mr. Silem also insisted that “the practice of our faith will never be a pretext to put society at risk, nor does it imply that we renounce our spiritual aspiration, or the practice of our principles and values, but rather that we take advantage of this opportunity to show that we know how to exercise our freedoms with respect ”

This has been one of the most significant events in the power of the love for Jesus Christ, where it was evident that neither distance, time, nor the most extreme of situations could diminish the love, unity, and fraternity of The Church The Light of The World. Once more, The Light of The World shined to show that it is united to commemorate the death and glorious resurrection of Jesus Christ.
